HAPPY HOLIDAYS

Earnest Efforts

Natural Woodworking for the Whole Family

In 1998 we met & fell in love at the Saturday Market, where we each had a booth selling our wares. Our love was dubbed "a true market romance' by our dear Market friend and fiber artist, Karen Buxton, an inspiration behind the Kareng Fund.

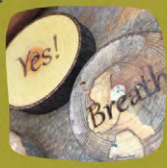

Take care, be good & kind, and do your darnedest to Laugh!

Together our treasures bring new life to woods discarded by nature & collected from Oregon's coastal waters, streams, and backyards. No living trees are ever cut for our artwork & our intention is to honor the natural beauty & stories of the trees created by Mother Nature.

Two Bossy Britches

Together since 1969

We are a mother & daughter sewing team from a long line of extremely talented seamstresses who handed down to us their skills & compulsions. When we're together we walk, design, buy fabric, eat, laugh, sew and laugh again.

When we started Two Bossy Britches in 2014 we committed to purchasing no more than one yard of each fabric we find. With this commitment we are able to offer you a one of a kind, original design that reflects your style. It is our honor to share our love with you.
